clines to Be Buried.**CASE OF MISTAKEN IDENTITY**Hackensack Citizen Was Suppos-
ed to Have Been Killed and
Relatives Had Recognized the Corpse.Hackensack, N. J. Nov. 2.—Just as
Mrs. John Wygant of this city, had
donned a mourning gown and widow's
veil yesterday she was called to the
telephone."Hello! Is this you, Margaret?"
she heard. "This is John. You
can't bury me to-day. I'm not dead
yet by a long sight."As soon as Mrs. Wygant recovered
she sent word to the sexton of the
First Reformed church that the
brand new grave he had just finished
could be filled up again, for it would
not be needed.Last Tuesday a man was killed in
the Lackawanna tunnel, and was iden-
tified as Wygant by his parents and
wife. Thereupon they made all ar-
rangements for his funeral. Notices
of his death were sent to the local
papers, and the rector of the church
was waiting for the arrival of the body
when Wygant telephoned that he ab-
solutely refused to be buried.Wygant was found yesterday by
some friends in Hoboken who had
heard of his supposed death. When
he learned that he was a dead one
Wygant laughed long, and ordered
drinks. Then they told him that he
was to be buried in about half an
hour. He rushed to the telephone at
once and postponed the funeral in-
definitely.The man who was really dead is
said to be a perfect double of Wygant.**TWO MILES A MINUTE.**That Speed Will be Possible on the
New Monorail System.Baltimore, Nov. 2.—The announce-
ment is soberly made that by the
middle of next month cars will be run-
ning at the rate of from 100 to 120
miles an hour over part of the mono-
rail line under construction between
Baltimore and Washington. This sys-
tem, an American invention, is re-
garded as a great improvement over
any of the European single-rail roads,
and great expectations are entertained
of its possibilities.The distance between the two cities
is forty miles, and the journey is now
made on the steam cars in one hour.
The electric cars of the monorail line
are to make the run in eighteen min-
utes. They are cigar-shaped and
about fifty feet long, presenting as
little resistance as possible to the air.
The trolleys are of a peculiar sort,
and the motors are under the cars.As soon as the new line is in suc-
cessful operation, other monorail
roads are to be built, notably one be-
tween New York and Washington,
over which cars are expected to run**BOILS AND
ERUPTIONS**Have been suffering from Impure Blood
for many years, having Boils and other
Eruptions. Having heard of S. S. S. I de-
cided to try it, and am glad to say that it
has done me a great deal of good. I intend
to continue to use it, as I believe it to be
the best Blood Medicine on the market.
Cleveland, Tenn. W. K. DETHMERS.For over fifteen years I have suffered
more or less from Impure Blood. About a
year ago I had a boil appear on my leg
below the knee, which was followed by
three more on my neck. I saw S. S. S.
advertised and decided to try it. After
taking three bottles all Boils disappeared
and I have not been troubled any since.
Geo. C. Frazar.
114 W. Jefferson St., Louisville, Ky.Newark, Ohio, May 23, 1903.
From childhood I had been bothered
with bad blood, skin eruptions and boils.
I had boils ranging from five to twenty in
number each season. The burning accom-
panying the eruption was terrible.
S. S. S. seemed to be just the medicine
needed in my case. It drove out all impu-
rities and bad blood, giving me perma-
nent relief from the skin eruption and
boils. This has been ten years ago, and I
have never had a return of the disease.
Mrs. J. D. ATHERTON.Write for our

Money Saving Store.571 Commercial Street,
Astoria.the entire distance in two hours or
less, while now the trip requires seven
hours. The possibility is suggested
of making the journey across the con-
tinent from New York to San Fran-
cisco in twenty-seven hours, instead of
four days, as at present, but many
years may pass before this will be ac-
complished, if ever.The inventor of this amazing new
system of rapid transit, Howard H.
Tunis, of Maryland, declares it is safer
than any other, and that sharp curves
may be rounded with perfect ease
and security, owing to the peculiar
construction of the cars.**HONDURAS BANANA INDUSTRY.**Americans Are Handling Nearly 75
Per Cent of the Business.New Orleans, Nov. 2.—Six or
seven large banana plantations have
been started by Americans in Hondu-
ras in the last year. A new line of
steamers managed by Americans has
been established and two more lines
will probably be in operation within
the next few months, assuring a sale
for the increased product of bananas.
United States Consul Alger, writing
from Puerto Cortes, says:"I think it would be safe to predict
that within two years at least 75 per
cent of the banana business of Hondu-
ras will be handled by American capi-
tal; also that if the enterprises are
properly managed the results will be
such as to please the stockholders of
the various companies."The great drawback to the success
of American enterprises in the tropics
has always been bad management, 90
per cent of the funds being squandered
by managers sent from the United
States ignorant of tropical conditions,
unable to speak or write the language,
and in many cases intemperate."**MANY WANT PURE WHISKEY.**Statement of Chief Chemist Wiley
Raises Ire of Rectifiers.Washington, Nov. 2.—The statement
of Chief Chemist Wiley, that 85 per
cent of the whiskey on sale in the United
States is doctored, has brought
him notice from the head of one of the
largest distilling and rectifying firms
in the country that he (Dr. Wiley)
had "outlived his usefulness to the
United States government."The letter said that the rectifiers
of this country pay into the United
States treasury more than \$130,000,000
annually; that they do more than
any other industry to support the gov-
ernment of the United States. "It
will be found that your policy is short-
sighted and inimical to the govern-
ment interests."Many letters have been received
from all parts of the country asking
where real pure whiskey can be ob-
tained.**RECEIVES LIBERAL DONATION.**New York Historical Society to Have
handsome New Home.New York, Nov. 2.—A new home in
Central Park west will be erected by
the New York Historical society from
money made available by a gift of
\$150,000 in cash which has just been
announced. The donor also will pay
for an entire granite front of the
building which will cost an additional
\$50,000.His name will not be announced
until the completion of the first part
of the building.
The historical society, cheered by
the announcement of the gift, is now
preparing to celebrate in a fitting
manner the 100th anniversary on No-
vember 22 of its foundation.Orders taken for Brown Bros'
